GE Auto Warranty Services has 25 years of successful industry experience. Our advanced technology and service processes allow for effortless VSC sales and timely claims solutions. A winning combination!

GE Money
Auto Warranty Services

Linton Motorsport, Inc. offers **5 Star, 4 Star, 4 Star + , 3 Star and 3 Star + plans**

Prices Ranging from \$1000 – \$3000

Terms Available: 6 months – up to 120 months (if applicable)

Plans honored in the continental United States and Canada

5 Star (vehicle still under full factory warranty)

The 5 Star Program covers virtually every component, system and part, such as:

- Engine
- Transmission
- Drive Axle
- Steering
- Power Equipment (Antennae, Sunroof, etc.)
- Air Conditioning
- Front & Rear Suspension
- Electrical System
- Brakes
- Fuel System
- Cooling System
- Electronics (Computer Controls Modules, etc.)
- Body / Interior Parts

Included in your coverage: (some exclusions apply)

- No-Cost Towing
- Car Rental
- Trip Interruption

4 Star Components Covered

Engine

Engine block, cylinder head, rotor housing, oil pan; valve cover; timing cover; all internally lubricated parts contained with the engine; oil pump; timing chain; gears and tensioners; timing belt and tensioners; balance belt' variable valve camshaft adjuster; intake and exhaust manifold; harmonic balancer; engine mounts; water pump; flywheel; flexplate

Transmission, Transaxle & Transfer Case (Automatic & Standard)

Case housing' housing covers and pans; all internally lubricated parts contained within the housing; torque converter; viscous coupling; vacuum modulator; transmission mounts

Drive Axle (Includes transaxle and 4WD vehicles)

Front and rear drive axle housings and covers; all internally lubricated parts contained within drive axle housing; axle shafts' constant velocity joints and boots; driveshaft center support bearing; driveshaft yokes; 4WD engagement actuators and motors; 4WD locking hubs

Suspension

Upper and lower control arms, their shafts and bushings; control arm trust rods, their bushings and links; ball joints; hub and wheel bearings; steering knuckles/spindles; stabilizer bar, bushings, and links; coil springs; leaf springs; their shackles and bushings; and torsion bars and their mounts.

Steering

Steering gear; rack and pinion housing, and all internally lubricated parts contained within the housing; power steering pump and its reservoir, pulley, and mounting bracket; power cylinder assembly; steering column shaft, its couplings and bearings; tie rod ends; pitman arm; idler arm, and all other steering linkages

Brakes

Master cylinder; vacuum or hydro booster; wheel cylinders; calipers; vacuum pump; brake pedal assembly; equalizer and distributing valves; parking brake assembly; ABS electronic control unit, wheel speed sensor, and exciters; ABS proportioning control valves; high-pressure hydraulic pump

Fuel

Fuel injectors; fuel pump; fuel sender assembly; waste gate; intercooler; supercharger pulley; fuel pressure regulator; fuel tank; all turbocharger or supercharger internal parts and housings

Cooling

Radiator and its brackets, thermostat, cooling fan motor and relay; fan clutch; fan shroud; fan blades; coolant recovery tank

Electrical

Starter motor; starter solenoid; alternator and its mounting bracket; voltage regulator; wiper motor; power seat motors and relays; power window motors and relays; electric driver and passenger door lock actuators; window washer fluid pumps; all manually operated switches; wiring harness; oil pressure sending unit

Interior Climate & Comfort

Air conditioning compressor, clutch, pulley, and its mounting bracket; accumulator; receiver dryer; evaporator; condenser; idler pulleys and bearings; serpentine belt tensioner; expansion valve; orifice tube; air conditioner pressure switches; blower motor and fan

Seals & Gaskets

Seals and gaskets for all parts listed above

Optional Coverage

Power Tech & Electronics: Manual and power window regulators; power antenna motor and mast; power trunk or tailgate actuator and motor; power headlight door motors and actuators; power sunroof motor; convertible top lift motor; power seat motor transmission and cables; power mirror motors; cruise control assembly; speedometer; odometer; fuel gauge; tachometer; volt and pump gauge; temperature gauge; trip computer control module and display; factory installed electronic combination entry and anti-theft devices; transmission and transfer case control modules; fuel injection sensors; electronic air conditioning control head and module

4 Star Plus Components Covered

4 Star Plus coverage includes **ALL** the components listed above including Power Tech & Electronics, **AND** the added components listed below;

Additional Suspension

MacPherson struts; electronically controlled variable suspension struts and their switches; air suspension bags or springs and compressor

Air Conditioning

Heater core; heater control valve; control cables; ducts; plenum doors; blower motor resistor; condenser cooling fan motor; manual climate control head

Additional Fuel

Carburetor; throttle body; throttle cable and linkage; accelerator pedal assembly

Body Hardware

Bumper impact absorbers; hood and truck latches and their cables; hood and truck hinges and their springs or torsion bars; hood and truck hydraulic lift supports; door hinges; door handles; glove box lock assembly; ignition lock assembly; manual seat track assembly; and door jamb switches

Accessories

Heated seat grids; horn and horn relay; rear window defogger/defroster; memory seat and memory steering wheel motors; activators; sensors; and control module.

Utility Package

Step bumpers and their mounting brackets; spare tire carrier or switch arm, latch, and lock; swing away mirror (does not include mirror glass breakage); bed liner, tailgate handles, locks, hinges, latches, and cables; tool storage boxes; interior storage racks; skid plates; tow and cargo tie-down hooks; power winch motor; its controller and wire harness; power winch roller; brush and headlight guards; trailer hitch receiver, insert and plug receptacle; and auxiliary fuel tank and its switch over valve

Enhanced Electronics

Global Positioning System (GPS) or other navigational/motorist assistance system. Head up display (HUD) projector and display module; factory installed radio, amplifier, tape player, dash mounted CD player, DVD player, dash mounted graphic equalizer; engine control modules and sensors; ignition coils; ignition distributor; IAC motor; and electronic suspension control module and its sensors.

3 Star Components Covered

Engine

Engine block, cylinder head, rotor housing, oil pan; valve cover; timing cover; all internally lubricated parts contained with the engine; oil pump; timing chain; gears and tensioners; timing belt and tensioners; balance belt' variable valve camshaft adjuster; intake and exhaust manifold; harmonic balancer; engine mounts; water pump; flywheel; flexplate

Transmission, Transaxle & Transfer Case (Automatic & Standard)

Case housing' housing covers and pans; all internally lubricated parts contained within the housing; torque converter; viscous coupling; vacuum modulator; transmission mounts

Drive Axle (Includes transaxle and 4WD vehicles)

Front and rear drive axle housings and covers; all internally lubricated parts contained within drive axle housing; axle shafts' constant velocity joints and boots; driveshaft center support bearing; driveshaft yokes; 4WD engagement actuators and motors; 4WD locking hubs

Optional Coverage

Power Tech & Electronics: Manual and power window regulators; power antenna motor and mast; power trunk or tailgate actuator and motor; power headlight door motors and actuators; power sunroof motor; convertible top lift motor; power seat motor transmission and cables; power mirror motors; cruise control assembly; speedometer; odometer; fuel gauge; tachometer; volt and pump gauge; temperature gauge; trip computer control module and display; factory installed electronic combination entry and anti-theft devices; transmission and transfer case control modules; fuel injection sensors; electronic air conditioning control head and module

3 Star Plus Components Covered

3 Star Plus coverage includes **ALL** the components listed above including Power Tech & Electronics, **AND** the added components listed below;

Front Suspension

Upper and lower control arms; upper and lower ball joints; hub and wheel bearings

Steering

Steering gear; rack and pinion housings; and all internally lubricated parts contained within the housings; power steering pump; power cylinder assembly

Brakes

Master cylinder; vacuum or hydro booster; wheel cylinders; calipers; equalizer and distributing valves; ABS electronic control unit, wheel speed sensor, and exciters; ABS proportioning control valves; high-pressure hydraulic pump

Fuel

Fuel injectors; fuel pump; all turbocharger or supercharger internal parts and housings

Cooling

Radiator; electric cooling fan motor and relay; fan clutch; fan shroud

Electrical

Starter motor; starter solenoid; alternator and its mounting bracket; voltage regulator; wiper motor; headlamp; turn signal and windshield wiper switches

Interior Climate & Comfort

Air conditioning compressor; clutch; pulley, and its mounting bracket; accumulator; receiver dryer; evaporator; condenser

Peace of Mind (included with your coverage)

Roadside Assistance – 24/7 assistance with lockouts, tire changes, jump starts, fluid delivery and towing

Car Rental – reimbursement for a replacement vehicle while your covered vehicle is being repaired

Trip Interruption – If your vehicle has a covered mechanical breakdown while away from home, we provide reimbursement for required meals and lodging.

Transferability – If you sell your vehicle within the contract terms, the remaining coverage can be transferred to the new owner, enhancing the resale value
